engineering for motorbikes

The streamlined form of the QuickLock Engage Sport is perfectly suited for sport and super bikes and enables the rider to get closer to the tank. Virtually any rider style can be catered for thanks to the ability to adjust the tank bags position forward or backward of centre by +/- 8 cm during installation.

The bottom profile of the tankbag works well with long flat tanks typical of sport bikes. This model is not recommended for Enduro tanks or tanks that slope sharply down towards the rider e.g. BMW R1200GS (refer to the GS, City and Engage for such bikes)

- *Produced from high-tenacity ballistic nylon yarn (an industry leading 1200 denier) which surpasses leather, Cordura and nylon in strength. Ballistic nylon is approved by the U.S. Military for use in bulletproof vests. And if Ballistic is tough enough for the military, it's tough for adventure bike touring. In abrasion tests conducted against nylon and leather, Ballistic scored highest. Leather scuffed at 25 cycles, nylon failed at 295 cycles, while Ballistic was only affected after 3000 cycles. In tests conducted to measure tear resistance, nylon started tearing at 5 lbs., Cordura tore at 74lbs, but Ballistic held strong at 250 lbs!*
- *Internally lined with a water-resistant PE polymer*
- *Large map window of 140 x 270 mm*
- *2 side compartments one of which is detachable and can be used as a hip-pack*
- *Reflective piping on top and sides*
- *Spectacle case*
- *Rain cover*
- *Included detachable shoulder strap allows for use as a tote bag when removed from the tank.*
- *Integrated carry handle*
- *Exclusive luxury internal lining*
- *Two internal compartments (besides external side compartments) with removable velcro divider*
- *Expandable from 15 liters to 22 liter*

NEW : Also available in a 12V electric version to run and charge a host of electronic equipment such as GPS systems, Mobile phones, Ipods and video cameras

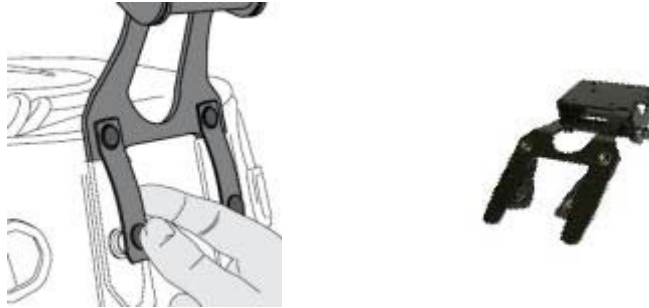

[Click here for further details](#)

To fit a GPS unit to your tank bag you would require:

1. Bracket for PDA/GPS bag (Part # BCK.GPS.00.010.100)

2. PDA/GPS large bag (Part # BCK.GPS.00.010.110) or
3. PDA/GPS small bag (Part # BCK.GPS.00.010.111)

Also suitable for other small electronics that require maximum protection e.g. Ipod, camera, cell phone
