

TRIP

SW-MOTECH

BAGS-CONNECTION

engineering for motorbikes

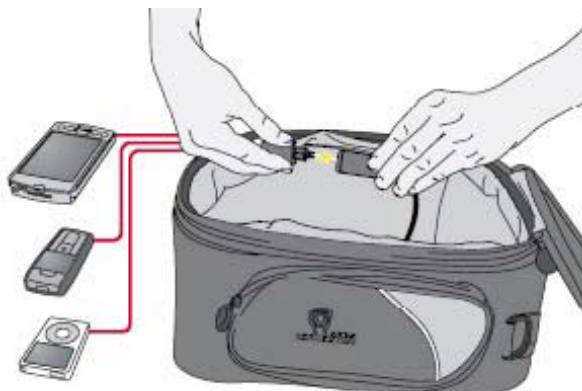

The QuickLockTrip Tankbag is perfect for your day to day travels and is designed with this in mind. Cell phones, wallets and other small items are easily stowed within it. Includes a clear window in the cell phone pocket to view who is calling. An included detachable shoulder strap makes this bag extremely portable.

Virtually any rider style can be catered for thanks to the ability to adjust the tank bags position forward or backward of center by +/- 8 cm during installation.

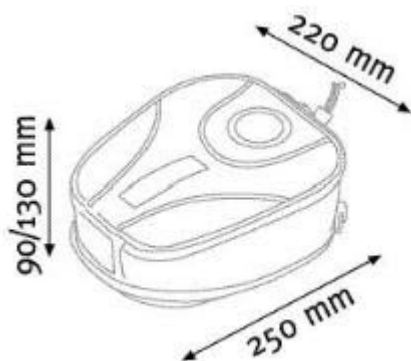

Features:

- *Produced from high-tenacity ballistic nylon yarn (an industry leading 1200 denier) which surpasses leather, Cordura and nylon in strength. Ballistic nylon is approved by the U.S. Military for use in bulletproof vests. And if Ballistic is tough enough for the military, it's tough for adventure bike touring. In abrasion tests conducted against nylon and leather, Ballistic scored highest. Leather scuffed at 25 cycles, nylon failed at 295 cycles, while Ballistic was only affected after 3000 cycles. In tests conducted to measure tear resistance, nylon started tearing at 5 lbs., Cordura tore at 74lbs, but Ballistic held strong at 250 lbs!*
- *Internally lined with a water-resistant PE polymer*
- *Cell phone pocket with clear view window*
- *Expansion zipper allows for volumes from 3.5liter to 6liter*
- *Included detachable shoulder strap allows for use as a tote bag when removed from the tank.*
- *Reflective piping on top and sides*
- *Rain cover*
- *Integrated carry handle*
- *Exclusive luxury internal lining*

NEW : Also available in a 12V electric version to run and charge a host of electronic equipment such as GPS systems, Mobile phones, Ipods and video cameras

[Click here for further details](#)

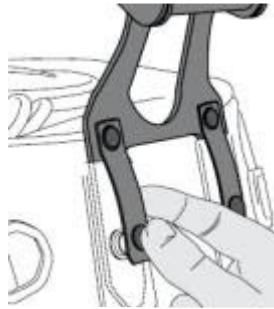

Optional item:

- **Map holder which includes a PDA pocket**

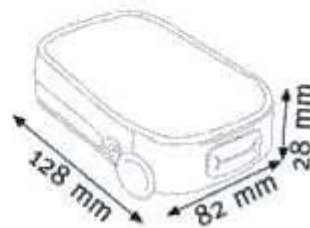

To fit a GPS unit to your tank bag you would require:

1. Bracket for PDA/GPS bag (Part # BCK.GPS.00.010.100)

2. PDA/GPS large bag (Part # BCK.GPS.00.010.110) or
3. PDA/GPS small bag (Part # BCK.GPS.00.010.111)

Also suitable for other small electronics that require maximum protection e.g. Ipod, camera, cell phone
