

ContourHD Mounts & Accessories

Waterproof Case

The new Waterproof Case fits your ContourHD Wearable Camcorder like a hard plastic glove. Slide your ContourHD into the case, latch it down, and begin capturing your favorite water adventures. Don't worry, the waterproof case keeps your favorite functionality like a single record button, laser alignment, and TRail mounts. Even better are the two safety latches on the back of the case to lock it onto any of the TRail mounts. Suitable for the VholdR Wearable Camcorder as well, but with limited functionality on the record switch and power button.

Specs

- * Waterproof up to 10 meters
- * Compatible with TRail mounts and/or standard 1/4"-20 mounts

R510 Vat incl. Free delivery when purchased with a Contour HD

Surf Wake Mount

The Surf- Wake Mount from Contour is designed to be one of the most adjustable mounts currently available and is designed to withstand the weather and waves that you put it through. Built with a 360-degree rotating base and multi position rubber ball that lets you adjust to any angle on the water or at the beach. The adhesive pad securely adheres the mount to your board while Trail system allows for easy on and off.

- * High impact plastic resists weather and salt water
- * Easy to use base and rubber ball adjustment with 360 degree rotation
- * Large footprint pad for superior adhesion
- * Seamlessly works with the waterproof case
- * Patented TRail system allows easy on and off

Includes: Surf-Wake Mount, Surf Foot (adhesive), Wake Foot (1/4"-20 male screw). Compatible with ContourHD Camera Waterproof case as depicted above

Universal Mount Adapter

Now your ContourHD or VholdR Wearable Camcorder is ideal for your favourite camera mounts. Universal Mount Adapter includes TRails on both sides, has a "female" 1/4"-20 screw on the bottom to screw your camera to any mounts or tripods that have their own male 1/4"-20 screw.

Mounts We Recommend

- A. RAM Handle Bar Mount
- B. RAM UTV Base Mount
- C. RAM Roll Bar Mount
- D. RAM Suction Cup Mount
- E. PanaVise Flex Rod
- F. RAM C-Clamp Mount

Flat Surface Mount

An extra Flat Surface Mount to attach the ContourHD Wearable Camcorder virtually anywhere. Ideal for non-vented helmets and flat surfaces, this mount uses an all-weatherproof removable adhesive pad to adhere to almost any surface.

R220 Vat incl. Free delivery when purchased with a Contour HD

Goggle Strap Mount

Wear your ContourHD or VholdR Helmet Camera on your goggles. Slide your strap into the mount, click the rails in place, and you are ready to record whatever you see, completely hands free.

R250 Vat incl. Free delivery when purchased with a Contour HD

Vented Helmet Mount

The New Vented Helmet Mount has been given a serious upgrade in how the mount tightens and clamps down to your helmet. Find your mounting location, slide the straps through, and cinch them down. Slide your ContourHD Wearable Camcorder on the rails and you are ready to go. Allows for tilting of the camera forward or back to find the best angle.

R250 Vat incl. Free delivery when purchased with a Contour HD

Windshield Mount

A powerful suction cup mount from our friends at Panavise attaches your ContourHD Helmet Camera to any windshield or car body. This well designed mount makes it simple to turn, tilt, and rotate your car camera 360°. Suction pad advised for windshields and flat (non-porous) surfaces.

R495 Vat incl. Free delivery when purchased with a Contour HD

Handle Bar Mount

The New Handle Bar Mount puts your ContourHD Wearable Camcorder in the middle of the action. Lie your camera on its side, rotate the lens 90 degrees, and slide it onto the top of the mount. Tighten the mount down to fit any standard 29mm handle bars and with a 360 degree rotation you can shoot at any angle.

R325 Vat incl. Free delivery when purchased with a Contour HD

Carrying Case

Pack your ContourHD Wearable Camcorder, up to 4 microSD cards, an extra battery, and a USB cable with you where ever you go. This compact but durable case is the perfect compliment to make sure your wearable cam and accessories never get lost in your gear bag.

R325 Vat incl. Free delivery when purchased with a Contour HD

Lens Kit

The Lens Kit is a little TLC for your ContourHD Wearable Camcorder. It includes extra lens covers and even a replacement Lens Ring for when you put it through the ringer. And even better, with the Lens Adaptor Ring, you can now screw on a standard 37mm lens filter to get the perfect shot in the toughest lighting conditions.
